Fall Neighborhood Get-Together, Sun., Oct 29, 3-5, on Lincoln Street

Please come to the Fall Neighborhood Get-Together on Sunday, October 29th, from 3-5 pm. Bring a dish or beverage to share or just come, and adults and children are welcome to come in costume, of course! A block of Lincoln St. will be closed off (between Garfield and Jefferson). To volunteer with organizing this event, please contact Lorraine Driscoll at: lorrainedris@gmail.com

Suburban Hospital Update

We are pleased that Suburban Hospital is installing cameras at the employee entrance/exit to the Suburban Hospital garage on Southwick, after neighbors reported seeing cars entering the garage from the west end of Southwick and exiting west onto Southwick. Prior to installation of cameras, a parking lot employee is monitoring the employee entrance/exit to prevent illegal turns.

Vehicles not belonging to neighborhood residents are prohibited from turning onto Garfield and Grant Streets from Greentree weekdays between 7:00 and 9:00 am. Please contact an HTCA board member if you are seeing this (school buses excepted), and note license plate number and make and color of car, if possible.

We are very pleased that Suburban Hospital's exterior signage plans were modified, reducing the number, size, and illumination of building signs. This effort required numerous meetings, work sessions, and hearings, including at Suburban Hospital, the Board of Appeals, and with the Sign Review Board.

Community Meeting with Suburban Hospital, Nov. 8th, 7 pm, SH auditorium (lower level)

The community meeting with SH and the construction team will be held Wed., Nov. 8th, 7 pm, in the Suburban Hospital auditorium (lower level). Please bring any questions or comments and hear updates about the construction, including from Clark, the construction company for phase 2.

Gas lines and repaving of streets

Gas lines have been replaced on some neighborhood streets and this has required repaving. Other neighborhood streets received a lighter repaving to cover cracks and other surface problems.
